Eggshell Cambodia seeks to provide protection and bring hope to children living in squalor and at risk in one of the most wonderful and traumatic cities of the world. Cambodia experienced a terrible genocide and civil war and although the country is now fairly stable, there is residue from those terrible days.

A beautiful country with beautiful people – living under daily threat of exploitation, violence, trafficking and extreme poverty. UNICEF and ECPAT relate statistics of 36.1% of Cambodia children working in child labour and 31.4% of children receiving inadequate care. One of the greatest areas of concern is the trafficking and exploitation of children for sex work.

Mark and Liz Fetherstonhaugh – first developed an interest in, and concern for, Cambodia in 2008 and have been visiting and taking volunteer teams over the past 7 years. Some of the poorest families live in cardboard homes, built in the cesspits under other homes

The conditions are indescribable.

Eggshell Cambodia's primary goal is to provide a safe haven for children by giving them a secure environment in their local area for the time when their parents are working and unable to care for them.

## Gift Aid Declaration
